

CHRISTIAN STUDY CENTER

Security Transfer Instructions Form

Process Overview Once **initiated by the donor with their broker**, the process generally takes 2 to 3 days for the securities to transfer to Raymond James, and then to the CSC. This process will generate two values:

1. **Gift Value** – the value based on the average price between the highest and lowest price on the date received by the CSC.
2. **Liquidation Value** – the sales proceeds from liquidating the securities.

Once the transfer is initiated with your broker, please provide a copy of this form via email to anabel@christianstudycenter.org.
